

CONSTIPATION RELIEF

INTENDED USE

FyboCalm Constipation Relief Capsules are medical device that restores the intestinal function in patients suffering from constipation due to different etiologies including Irritable Bowel Syndrome (IBS).

DOSAGE

Adults aged 18 years and above: 1 or 2 capsules, depending on the severity of the symptoms, twice a day (in the morning before breakfast and in the evening before dinner). Use for at least 2 weeks, the treatment can be maintained if needed.

INSTRUCTIONS FOR USE

Swallow the capsule with liquids.

HOW IT WORKS

The unique Gutshield™ technology powered by Xyloglucan, which is naturally derived from tamarind seeds, combined with Pea Protein, forms a protective film on the intestinal walls. Chia seed powder helps in regulating the motility of the digestive tract.

- Long-lasting relief from recurrent constipation
- Helps prevent gut symptoms recurring
- Forms a protective film to soothe, strengthen and promote the restoration of gut lining

PRESENTATIONS

Blister pack containing thirty capsules for adult use (18 years and above).

COMPOSITION: Xyloglucan, Pea Protein, Chia Seed Powder, Magnesium Stearate (vegetable origin) and Amorphous Precipitated Silica.

CAPSULE COMPOSITION: Hypromellose, Titanium dioxide

WARNINGS

- Consultation with a healthcare professional before using the product is not necessary. However, such consultation is advisable in case of severe or persistent symptoms or when there are doubts on the diagnosis, mainly in elderly people. If you are not sure of the diagnosis or in case of severe symptoms do not hesitate to consult a healthcare professional.

- This medical device is not a pharmacological treatment.
- Recommended to consult healthcare professional if taking pharmacological treatments.
- Even though no side effects are known, it is recommended that the product is not used during pregnancy or breastfeeding. In any case, always consult your doctor beforehand.
- This product contains chia seeds and can potentially cause cross-reactivity for patients with peanut and sesame allergy.
- Do not use the product after the expiry date printed on the package.
- Do not use the product if the blister is damaged.
- Store away from sources of heat. Do not freeze.
- Keep the device out of the reach of children.
- Any undesirable side-effect should be reported to healthcare professionals or to RB Consumer Relations, PO BOX 4044, Slough, SL1 0NS.

CONTRAINDICATIONS

The medical device should not be used in patients with known hypersensitivity to xyloglucan or any other ingredient of the product listed in composition.
