

DIARRHOEA RELIEF

INTENDED USE

FyboCalm Diarrhoea Relief Capsules are a medical device intended to restore intestinal function in those patients suffering from alterations due to Irritable Bowel Syndrome (IBS) that may be related to intestinal hypersensitivity or the intake of some drugs, to relieve and prevent symptoms such as of chronic or relapsing diarrhoea, abdominal distension, pain, bloating and flatulence.

DOSAGE

Adults aged 18 years and above: 1 or 2 capsules, depending on the severity of the symptoms, twice a day (in the morning before breakfast and in the evening before dinner). For maximum benefit use for 2 weeks, the treatment can be maintained if needed.

INSTRUCTIONS FOR USE

Swallow the capsule with liquids.

HOW IT WORKS

The unique Gutshield™ technology powered by Xyloglucan, which is naturally derived from tamarind seeds, combined with Pea Protein, forms a protective film on in the intestinal walls. The formulation, thanks to its pre-biotic properties, stimulates growth of health-promoting bacteria such as Lactobacilli and Bifidobacteria.

- Treats recurrent diarrhoea for long-lasting relief
- Helps prevent gut symptoms recurring
- Forms a protective film to soothe, strengthen and promote the restoration of gut lining

PRESENTATIONS

Blister pack containing thirty capsules for adult use (18 years and above).

COMPOSITION: Xyloglucan, Pea Protein, Grape Seed Extract, Xylo-oligosaccharides, Magnesium Stearate (Vegetable origin) and Amorphous Precipitated Silica.

CAPSULE COMPOSITION: Hypromellose, Titanium dioxide

WARNINGS

- Consultation with a healthcare professional before using the product is not necessary. However, such consultation is advisable in case of severe or persistent symptoms or when there are doubts on the diagnosis, mainly in elderly people.

- Recommended to consult healthcare professional if taking pharmacological treatments.
- Even though no side effects are known, it is recommended that the product is not used during pregnancy or in the early months of breastfeeding, unless otherwise indicated by a healthcare professional.
- Do not use the product after the expiry date printed on the package.
- Do not use the product if the blister is opened or damaged.
- Do not store above 25°C. Do not freeze.
- Keep the product out of reach of children.
- Any undesirable side-effect should be reported to healthcare professionals or to RB Consumer Relations, PO BOX 4044, Slough, SL1 0NS.

CONTRAINDICATIONS

The medical device should not be used in patients with known hypersensitivity to xyloglucan or any other ingredient of the product listed in composition.
